From the talk along the street it would appear that the massing of the Democratic voters of Washington Ward, scheduled for tonight at the courthouse in Washington Square, will be attended by a large crowd. Interest in the plan of the Washington Ward Democratic Club in selecting nominees to represent the ward in the new Madison Ward is increasing. Rumors that an effort will be made to have the meeting vote down the plan are circulating freely. Nothing definite is known. All voters are urged to be present to-night. Every one will have an equal voice. The meeting will be presided over by Vice-President D. L. Toney.

Dismiss Second-Hand Dealer.
David Baxter, a second-hand dealer, appeared in Police Court, Part 2, yesterday morning and pleaded guilty to the charge of failing to comply with an ordinance requiring dealers in this class of goods to make daily reports to the chief of police. Baxter claimed to have been unaware of the requirements. He was admonished by Justice Maurice never to let it happen again.

Crab Catches Another Victim.
On a warrant charging him with indulging in a game of crab, David Boyd, colored, was yesterday placed under arrest by Officer J. A. Baughan. Boyd is an old offender, and has faced Justice Maurice many times on the same charge.

Milady's Toilet Table

One great advantage of a dry shampoo is that it requires only a few minutes. It takes out all the dirt, excess of oil and dandruff, and leaves the scalp clean, cool and refreshed. The best shampoo powder is a mixture of a cupful of cornmeal and a small original package of talcum. Just sprinkle a little on the head and brush thoroughly through the hair.

A harmless, safe and sure way to remove superfluous hair is to apply a delicate paste. Mix enough powdered talcum with water to cover the hairs. Leave on for two minutes, then wipe off; wash the skin, and the hairs will be gone.

To keep the skin smooth and soft and make the complexion natural and attractive, rub over the face, neck and arms each morning a lotion made by dissolving a small original package of talcum in a half pint of witch hazel. This is much better than powder, for it will not rub off, and the complexion needs no retouching all day long.

There should be a jar of Mother's Ointment in every home. It heals minor cuts, burns and scalds without leaving a scar. It is a splendid remedy for sores, skin eruptions, pimples, eczema and similar beauty destroyers.

WANTS TO UPHOLD MONROE DOCTRINE

Colombia Denies Negotiating Transfer of Harbors to Germany.

Washington, March 14.—Colombia, notwithstanding her difficulties with the United States over the question of Panama, is desirous of upholding the spirit of the Monroe Doctrine. Formally authorized by the Colombian government, Senator Roberto McDonald, charge d'affaires of the legation here, today issued a statement denying the reports that Colombia was negotiating a transfer of harbors to Germany. Incidentally, Senator McDonald outlined his country's interpretation of the Monroe Doctrine to include the preservation of the sovereignty of American nations over their own territory. That is, Colombia that the United States violated its guaranty of the sovereignty of Colombia in recognizing the independence of Panama, once a portion of Colombia.

Senator McDonald also made another appeal for the arbitration of Colombia's claims, holding that while the United States is encouraging all nations to settle their controversies by arbitration, it refuses to allow Colombia, "a weak sister republic," that privilege.

Dismissing the story that Germany was after Colombia's harbors with the remark that lobbyists seeking to enlarge the American Navy prompted the report, Senator McDonald says in part in his statement:

"The reported statement that Secretary Knox expected to meet some agent of Colombia and settle her claims in 'some quiet spot' cannot be admitted, as it is most unjust to Secretary Knox. Neither my government nor the Congress, nor the patriotic people of Colombia would tolerate such an unworthy proceeding, that I am sure never has entered Secretary Knox's mind. A proceeding of this kind would be rejected without any delay."

Ill-Health Leads to Suicide.
Greensboro, N. C., March 14.—Vernon Sims, a well-known young man, twenty-four years of age, of Lenoir, N. C., today at noon looked himself in his room; seated himself in a chair; placed the muzzle of a shotgun against his forehead, and with his toe pressed back the hammer and allowed the gun to discharge. The entire top of his head was blown off. Sims had brooded over ill-health and religion.

TO STOP SENDING ARMS TO MEXICO

President Signs Resolution Which Is Expected to Enforce Neutrality.

Washington, March 14.—President Taft tonight signed the joint congressional resolution making it unlawful to export arms or munitions of war to any American country where domestic violence exists, and immediately afterward issued a proclamation declaring that since such domestic violence had been found to exist in Mexico, all Federal law officers were enjoined to prevent violations of the resolution.

With the signing of the resolution and promulgation of the proclamation, violation of the neutrality laws becomes a misdemeanor, punishable by a fine of \$10,000 or imprisonment for two years, or both.

Although the President's proclamation specifically names Mexico, the joint resolution is so worded that government officials expect to make use of it in the future to prevent filibustering expeditions to any American country where a state of revolution exists. Aside from the usual provisions, the President's proclamation reads as follows:

"Now, therefore, I, William Howard Taft, President of the United States of America, acting under and by virtue of the authority conferred in me by the said joint resolution of Congress, do hereby declare and proclaim that I have found that there exists in Mexico such conditions of domestic violence promoted by use of arms or munitions of war as are prohibited by the said joint resolution, and I do hereby admonish all citizens of the United States and every person to abstain from every violation of the provisions of the joint resolution, above set forth, hereby made applicable to Mexico, and I do hereby warn them that all violations of such provisions will be rigorously prosecuted. And I do hereby enjoin upon all officers of the United States charged with the execution of the laws thereof, the utmost diligence in preventing violations of the said joint resolution and this, my proclamation, issued thereunder, and in bringing to trial and punishment any offenders against the same."

The proclamation was issued after it had been carefully considered by Attorney-General Weeks, Acting Secretary of State Huntington Wilson and the President. According to War Department officials this joint resolution gives to the President the power he has long needed to curb the export of arms into Mexico from Texas towns. It has been estimated, however, that if fear of the law does not prove an effective barrier to filibustering more troops must be sent to the Texas border, to see that the law is enforced. Some estimates have put the number of troops necessary for a thorough patrol as high as 25,000 men, but for the present it is not regarded as likely that the American force now in Texas will be increased.

AGED MINISTER ON TRIAL.
Pittsburgh, Pa., March 14.—Holding the hand of his aged wife, the Rev. Dr. McFarland, grown gray in the service of the public schools and the ministry, entered a plea of not guilty when brought to trial in the Criminal Court here today for his alleged connection with the death of his former secretary, Elsie Dods Coe, as the result of an operation.

The jury was quickly selected, and District Attorney William A. Rakesley, who is personally prosecuting the case, made the opening statement for the Commonwealth. He declared that before her death Miss Coe made a statement, in which she declared that she was a member of the operation on the minister, who had come here from Greenville, Tenn., where he was in charge of a United Presbyterian mission. Later in the day Mr. Rakesley presented the statement in evidence, and it was admitted by the court. The opening day of the trial was filled with pathetic and unusual features.

Consumption Often Develops From Pneumonia
Consumption really attacks those who have had pneumonia. Many sufferers from tuberculosis give a history of having had pneumonia. The weakness of the lungs is easily attacked by the germs that cause consumption.

For those who have had pneumonia, Dr. Korman's Alternative is the appropriate remedy. Cures of Consumption are accomplished by Dr. Korman's Alternative. It is in time. There is no wisdom in waiting until Tuberculosis is established. Health is never fully valued until sickness comes. Remarkable recovery follows:

FOR PUBLIC AND PRIVATE INSTITUTIONS

Millions of dollars are being spent in advertising EXPENSIVE sets of educational books. The Britannica alone is expending upwards of a million dollars in general publicity in the four-page announcements you have seen run for over a year in every magazine you open. But any expensive set is large and unhandy; they are made up of ten, or twenty, or more books; they are heavy and unwieldy. The prices of such sets are so high—over \$100—that they must be sold on the installment plan.

The publishers of Everybody's Cyclopaedia took advantage of all these facts, and from a revision of ALL these various large and good cyclopedias they have compiled ALL THAT IS GOOD—all that is necessary—and have merely eliminated or condensed that which would be of interest to a specialist, or a technical student. BUT it is NOT advertised in the magazines, and you can get it ONLY through this newspaper, while this one edition lasts, previous to its being put on sale through canvassers at its regular \$12 price after this immense publicity campaign is finished.

Plummer-Wright.
(Special to The Times-Dispatch.)
Fredericksburg, Va., March 14.—Leaven Brister Plummer, of Portsmouth, and Miss Willard Josephine Wright, daughter of Mrs. Willard Wright, were married here this evening at 6 o'clock, at the home of the bride's sister, Mrs. Thomas S. Shepherd, Rev. Hubert H. Barber, rector of Trinity Episcopal Church, performing the ceremony, in the presence of the members of the two families and a few intimate friends of the couple. Owing to recent mourning in the family, no invitations were sent out. Mrs. Thomas S. Shepherd was

PASSENGERS HURT IN WRECK
Chicago Great Western Train Derailed Near Dunklin.

Waterloo, Ia., March 14.—Andrew Bennett, of Bryant, S. D., was fatally injured and thirty-three other passengers were more or less seriously hurt early today, when southbound Chicago Great Western passenger train was derailed three miles north of Dunklin. The foremost chair car, for some reason, while rounding a curve, lurched violently from the rails, followed by the two remaining chair cars and the sleeper. The chair cars ran on the frozen ground for a short distance, turning over on their sides thirty feet from the track. The sleeping car remained upright.

Within the wrecked cars the passengers were tossed about. The series of crashes was terrific. When the cars left the track the lighting system was disconnected, and the wreck victims had difficulty in crawling out the doors in the darkness. The injured are being cared for at a hospital here.

Salisbury's Offer for College.
Salisbury, N. C., March 14.—A choice of six valuable sites and \$23,000 in cash is the offer of Salisbury for the location of a Lutheran female college, of which much has been said in the State papers recently. Attractive concessions have been made by the Rowan county commissioners and the Salisbury Aldermen. The committee having the matter in hand expects

to place a subscription of \$30,000 in the hands of J. H. Redder, Wilmington, N. C., by March 20.
